Time & stress management

**McKinsey consulting**

This year's PhD career day will be held on **November 23<sup>rd</sup>** at the **Wildt'sche Haus**, Petersplatz 13 here in Basel.

With the focus on the academic track, we invited two **young group leaders** to share their experiences in the post-graduate situation and opportunities in academia.

A consultant working for McKinsey will give some guidelines to consider keeping both academic and private sector options open.

We will also offer a **2 hour workshop** for time & stress management held by a trainer from Matuschek Consulting.

For registration please find an invitation in your email account.
