The “PhD Regulations of the Faculty of Science of the University of Basel” shall apply. The dissertation must comply with the „International PhD Program in Biomedicine guidelines“ of the Department of Biomedicine and the “Code of Academic Integrity and Good Practice in the Conduct of Research” of the University of Basel (October 18, 2011).

A termination of this doctoral agreement and termination of employment linked with the doctorate is possible with mutual consent at any time. In the event of a negative assessment of the scientific achievements during the first year, or an evaluation that the chances of success of the project are low, the doctoral arrangement may be dissolved at the end of the first year. If doctoral candidate is employed as such, the term of employment will not be extended. The request for termination will be submitted to the Dean of Research of the Faculty of Science by the PhD Committee or the doctoral candidate. The request will be considered in consultation with the Doctoral Commission of the Faculty of Science.
